

«PeakTech® P 5090» Temperature-/Humidity Meter, -50 ... +500°C

€87.90

Prices excl. VAT plus shipping costs and possibly lower value surcharge

Product number: P 5090

GTIN/EAN: 4250569401299

## Description

---

This digital temperature / humidity measuring device (with double-function LCD display for simultaneous display of humidity and temperature) enables use in the areas of refrigeration, air conditioning, plant construction, construction industry and for general heat treatment processes in the metal, electrical and chemical industries. With the laser it is possible to carry out a quick contactless temperature measurement from a safe distance on hot or moving objects or at measuring points that are difficult to access.

## Technical features

---

- 3 ½ digit 21 mm LCD-Doublefunction-Display with backlight
- Emissivity settings: 0,95 fixed; Auto power off
- Optical resolution 8:1 field of view
- Switchable °C/°F units; MAX-Hold and data hold
- built-in laser shows the target area (class 2)
- Safety: EN 60825-1
- Accessories: carrying case, holster, sensor probe, battery and manual
